Volleyball is my passion!

It's when your Knee pads smell Like Death,
It's when your feet smell like garbage,
It's when a Ball is hit to the ground with somuch force,
It's when you have to pass, set and hit to score,
It's when you win a game ending at 25,
It's when you trust your whole team,
It's when you know it's your sport,
It's when you get a perfect block,
It's when it becomes your life.

Volleyball is my happiness!
