Vendor News Flash

Temporary Website for WIC Information

A temporary website is now available for WIC vendors while the Department of State Health Services (DSHS) agency website continues to not be fully functional. WIC vendors can access our temporary website at www.texaswic.org.

Vendor Information is found on the **WIC Reference Page** link in the bottom left hand corner. Here vendors will find information on the following:

- WIC Vendor Training
- WIC Vendor Policies
- WIC Least Expensive Brand (LEB) information
- WIC Authorized Product List (APL)
- WIC Cost Containment for EBT
- WIC Food Redemption Report

Additional information can be found under the Vendor Management and Operations link. The reference page will be updated with new information and links until the DSHS website is fully functional.

Thank you for your patience and cooperation. Should you have questions, please contact WICVendorRelations@dshs.texas.gov or call 1-800-252-9629.
