# Motivation

Life used to be great, but then there was a curve,
it wasnt straight. I wake up every night thinking
how life came to be such a fight, I mean
lifes still light, just not how I expected, it
became so hectic, dont you see the agony
in me as I beg please, give me some
ease, I need some peace, as I find my
keys to open the door to a world of much
more than fighting and crime, than jail
and time, look at life as it really is,
dont look at life as it could be, but
maybe thats just me but best beleive
Ima make you see that I'm still
me, all these goals I'm tryna acheive,
but I learned some lessons that turned
into blessins, If It werent for those days
I wouldnt be the same way with the
same game, living in the same haze,
Im tryna be appreciative but its hard
when I get anticipated but Ima stay
motivated.
