

Tuberculosis and Refugee Health Services Branch

TB New Staff Orientation

April 28th – 29th 2015

Building 631, Conference Room 1077

Austin State Hospital Campus

Austin, TX 78751

TB New Staff Orientation Objectives

1. Create an opportunity for new and existing staff to meet and network with TX DSHS central office TB program and surveillance teams
2. Provide an overview of the Texas TB control and prevention program by presenting information on duties performed by the TB Branch and services available to local and regional health departments
3. Allow for networking among local and regional health department staff
4. Provide a person-to-person interface for informal question and answer sessions to build strong partnerships between TB central office staff, local health departments and regional health departments

Introductions

What is your name?

Where do you work?

Local or Regional Health Department?

What do you do?
