

the **Anti-B's**

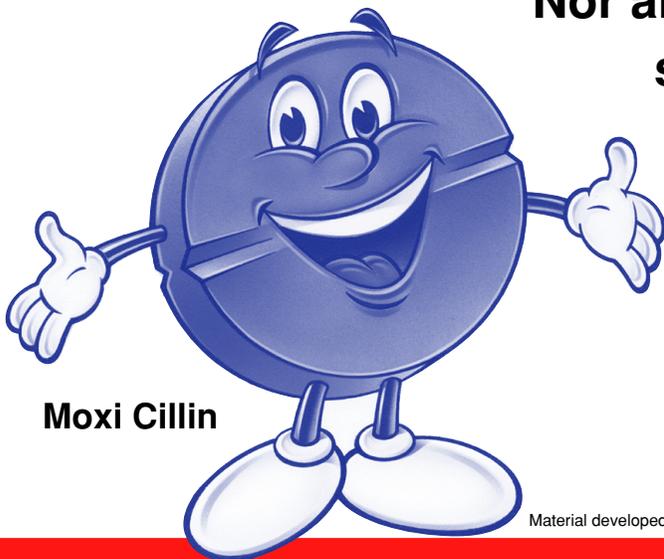

"There's no excuse for overuse!"

**We're Antibiotics and
we've got skills.
We fight bacteria
that cause you ills.
We don't do the flu thing
or fight the common cold,
But against bacteria, we're
smart, tough, and bold.**

Annie Biotic

**There's just one thing we want to know,
Why is everyone overusing us so?
It's a simple fact that viruses aren't our bag,
Nor are coughs and sniffles that are
such a drag.**

Moxi Cillin

**So best let your doctor
make the call
If you need the Anti-B's
or nothing at all.**

Material developed by Wisconsin Antibiotic Resistance Network (WARN)

**Get smart about antibiotics!
Don't waste them on coughs, colds or flu.
Find more information about antibiotic resistance at
www.tdhideas.org o (512) 458-7676**
