

# What surgeries should I report?

Are you an **ambulatory surgical center** (licensed under Chapter 243) or a **general hospital** (licensed under Chapter 241 or hospital that provides surgical or obstetrical services and maintained or operated by the State)?

YES

Are you a pediatric or adolescent hospital (licensed general hospital that specializes in providing services to children and adolescents)?

NO

Do you perform any knee arthroplasties including knee prosthesis, hip arthroplasties including hip prosthesis, coronary artery bypass grafts (CABGs), abdominal and vaginal hysterectomies, colon surgeries, or vascular procedures?

YES

**Report** surgical site infection data related to the surgical procedure categories you perform as they are phased in. There is no minimum number of procedures to report. If you only perform one a month, you will only report one procedure for that month.

NO

YES

Do you perform any spinal surgeries with instrumentation, cardiac procedures, or ventriculoperitoneal shunts?

NO

NO

**STOP**  
You are NOT required to report
