

# Medical Incident Support Team (M-IST) Course

→ *Isla Grand Hotel and Beach Resort*

*500 Padre Boulevard, South Padre Island, TX 78597*

*A Vital Component of the Texas Disaster Medical System*

March 29-30

**2012**

The Medical Incident Support Team (M-IST) course is being offered in conjunction with the TSA-V Trauma Symposium. The M-IST course is designed to train acute healthcare leadership to provide support to local jurisdictions, health care facilities and local health care infrastructure during a disaster across the State of Texas. M-IST personnel deploy to impacted EOCs, Medical Operations Centers and DDCs to provide integrated ESF-8 support to authorities, government agencies, local response agencies, hospitals and State response partners.
