

**Paramedic Scenario Psychomotor Exam Update
01/19/2015**

Texas EMS Educators are you ready for NREMT's Phase 1 of scenario-based psychomotor examinations for paramedics?

All students that begin their paramedic program on or after August 1, 2016 are required to complete a portfolio that becomes a part of their permanent educational file and is a prerequisite to seeking NRP Certification.

Beginning January 1, 2017, the NREMT will start testing Phase 1 of the new scenario psychomotor exam. In this phase a total of six (6) skills will be tested, five (5) currently evaluated in the NRP Psychomotor Examination and one (1) scenario. This out-of-hospital scenario will reflect either a pediatric, geriatric or adult patient.

For more information on Portfolio and Scenario Exam use the link below:

https://www.nremt.org/nremt/EMTServices/ppcp_info.asp

NREMT & NAEMSE are partnering to bring a brand new educational opportunity entitled Regional Scenario Development Workshop.

This workshop will be limited to 50 participants who will be guided through the scenario development process by NREMT staff. Topics that will be covered are scenario writing, calibration, and evaluation in the workshop. Scenarios created in the workshop will be available for use following the event.

Regional Scenario Development Workshop (San Antonio, TX)
6/10/2016 - 6/11/2016
Location: San Antonio, Texas Time: 10:00AM
