

Attention EMS initial applicants using the online application system, EMS course completion numbers are now required when submitting an application online.

What is an EMS course completion number?

An EMS course completion number is a six digit number on the EMS course completion certificate that students receive when successfully completing an EMS course, it will begin with a 6XXXXX. This certificate will also have the EMS education programs course coordinator's signature along with the EMS course end date.

What if I did not receive an EMS course completion certificate?

If you did not receive an EMS course completion certificate please contact your EMS education program that you completed the course through and request a course completion certificate.

Can I apply online without an EMS course completion number?

No, when filling out an application online you must complete the required field that asks for your six digit course completion number.
