(d) The realignment of a county may be initiated by the department [bureau] or at the request of either the county government, a licensed health care facility, or a licensed emergency medical services (EMS) provider in that county.

(1) The requesting entity should forward correspondence to the OEMSTSC [bureau] specifying:

(A) reason(s) for realignment request;

(B) existing patient routing patterns used by both EMS providers and health care facilities, including distances and transport times involved in this patient routing;

(C) all entities affected by [included in] the request [and a listing of all other licensed health care facilities and licensed EMS providers in the county]; and

(D) documentation that the receiving regional advisory council (RAC) is amenable to the realignment.

(2) Copies of the correspondence should be forwarded by the requesting party to all impacted RACs, county governments, licensed health care facilities/EMS providers in the county, and the [appropriate Texas Department of Health regional EMS office] OEMSTSC.

(3) The department [bureau] will evaluate the request based on the impact to patient care and will notify all parties of the decision.

(4) The department's decision regarding realignment will be communicated to all affected entities.
