Name of County: _____

Provide **calendar year 2013 unreimbursed health care expenditures** for your *county* within the categories designated below. The Agreement Regarding Disposition of Settlement Proceeds defines unreimbursed health care expenditures for counties not located wholly within a hospital district as “those actual expenditures made by a political subdivision which are directly attributable to the provision of health care services to the general public, either directly or by contract or agreement with a third party provider, and for which no reimbursement is made by or expected from any third party source or fund.”

The total annual unreimbursed health care expenditures for a county not wholly located within a hospital district are to be calculated as “all unreimbursed amounts, including unreimbursed jail health care, expended by such county for health care services to the general public during that year, *plus 15% of the total.”

*General administrative and overhead costs of the county not directly related to the provision of health care services are contemplated in the 15% added.

Allowable Expenditure Categories:

A. County indigent health care services: \$ _____

B. Unreimbursed jail health care: \$ _____

¹Unreimbursed jail health care expenditures may be calculated using either of the following two methods. The total may include unreimbursed health care expenditures for juveniles held under court commitment, at county expense. Indirect costs must be excluded from the calculation.

(1) determine the total expenditures based on itemized health care expenses for prisoners over the entire year, subtracting any reimbursement received from entities outside your political subdivision to cover health care expenses for individual prisoners; or

(2) determine the total expenditures based on itemized health care expenses for the entire year and apply the following formula:

$$\text{Total Prisoner Health Care} \times \frac{\text{Unreimbursed Jail Population}}{\text{Total Jail Population}} = \text{Unreimbursed Health Care Expenses}$$

Attach a worksheet indicating which of the above methods you used to calculate unreimbursed jail health care expenditures, as well as the base numbers for your calculation.

²Expenditures in Category C must be for services such as a hospital district may provide. These are typically diagnostic and treatment services for individuals. Health care education, outreach, screening, laboratory services, counseling, and case management may be counted. Environmental services, such as mosquito control, water testing, and septic tank inspection may not be counted. Expenditures for population-based services not involving direct contact with an individual health care recipient, such as restaurant inspection, must also be excluded.

Complete the Attachment (page 4 of 4 of this expenditure statement) indicating the base numbers for your calculation of Category C expenditures.

³ Note the following additional provision in the tobacco settlement agreement, Section 5.B (4):

"To the extent not already included, a political subdivision shall be eligible to include expenditures from the political subdivision reserve funds and other expenditures; to the extent they are verifiable, which are attributable to proceeds from the sale or lease of public health care facilities. To the extent that proceeds from the **sale or lease of public health care facilities** are represented by contractually obligated health care services for indigent residents of the political subdivision performed by the purchaser or lessee, such services shall be valued as if they had been reimbursed at Medicaid rates."

If the above provision is applicable to your political subdivision, complete and attach the Non-Hospital District Public Hospital Expenditure Statement indicating the base numbers for your calculation of Category D expenditures.
