

## FORM C-1: PBC Performance Measures

Contractor shall meet the following performance measures. Contractor must attempt to deliver results to all clients that receive an HIV test. Contractor must also attempt to successfully link all HIV positive clients to services.

<b>Protocol Based Counseling</b>	
<b>Objective A:</b> At least 75% of clients testing for HIV will receive results.	
<b>Objective B:</b> At least 95% of clients testing positive will receive results counseling.	
<b>Objective C:</b> At least 95% of clients who are HIV positive <sup>1</sup> (all positives) and received results will be successfully linked <sup>2</sup> to HIV Early Intervention.	
<b>Objective D:</b> At least 90% of HIV positive pregnant women will be successfully linked into pre-natal care.	
	<b>Enter Numbers Below</b>
<b>Objective E:</b> The contractor will identify a minimum of (number) newly diagnosed HIV positive persons by December 31, 2011.	
<b>Objective F:</b> The contractor will provide a total (number) of tests by December 31, 2011.	
<b>Please fill in your Priority Populations</b>	
<b>Objective G:</b> Of the total number of tests outlined in F, the contractor will provide at least the following numbers of tests to the listed priority populations.	
(Population #1)	
(Population #2)	
(Population #3)	

<sup>1</sup> The contract performance measure is: “95% of clients who are HIV positive and received results will be successfully linked to HIV Early Intervention.” RECN only captures new positives linked into Early Intervention. Contractors must track and report all positives successfully linked into Early Intervention in the Quarterly Reports.

<sup>2</sup> Successfully linked means that the client’s attendance at the first appointment with the case manager or medical provider has been confirmed. Note: Objectives a-e apply to all testing performed, whether accompanied by protocol-based counseling or not.

## FORM C-1: PBC PERFORMANCE MEASURES GUIDELINES

*Please complete FORM C:1, PBC Performance Measures Table, if applicable.*

Objectives A – D contain the minimum requirements for delivery of test results and linking clients to early intervention and prenatal care services as appropriate.

For Objective E, enter the total number of newly diagnosed HIV positive persons that are expected to be identified by the end of the contract term. Note: The overall state positivity rate is 1.0% therefore agencies should strive to meet this rate.

For Objective F, enter the total number of tests to be delivered by the end of the contract term.

For Objective G, please provide the number of tests that will be provided to *each* priority population.
