

I DID IT FOR My Game

EVERYONE HAS A REASON TO GET TESTED FOR HIV. It's a fact: if you've hooked up, you're at risk for HIV. Get tested. No one has to know but you. If you're HIV-positive, there are treatments to keep you healthy. And use a condom. It's the best way to stop the spread of HIV no matter how you test.

**CALL 2-1-1 OR TEXT "TEST" TO 777111
FOR TESTING AND TREATMENT INFO.**
