

A pregnant woman with dark hair, wearing an orange short-sleeved top and dark jeans, stands against a light green background. She is smiling slightly and has her hands resting on her belly.

Now's the time to protect your baby from whooping cough.

Pregnant women should get vaccinated with Tdap before the baby comes. Talk to your doctor about scheduling your vaccination. Learn more at PreventPertussis.org.

A pregnant woman with dark hair, wearing an orange short-sleeved top and dark jeans, is shown from the waist up. She is smiling slightly and looking towards the camera. Her right hand is resting on her belly. The background is a solid light green color.

Ahora es el momento para **proteger** a su bebé de la tos ferina.

Las mujeres embarazadas deben ponerse la vacuna Tdap antes de que nazca su bebé. Hable con su doctor sobre la programación de su vacunación. **Infórmese más en Previenetosferina.org.**
