TO: Texas Vaccines For Children (TVFC) Providers

FROM: Saroj Rai, Ph.D. 
Immunization Branch Manager

DATE: February 10, 2014

SUBJECT: Vaccine Quarterly Choice Opening February 10, 2014

The Texas Department of State Health Services (DSHS) Health Service Regions (HSR) and Local Health Departments (LHD) are encouraged to share the following message with all clinics enrolled in the Texas Vaccine for Children (TVFC) and the Adult Safety Net (ASN) vaccine programs.

Beginning on Monday, February 10, 2014, TVFC providers may update vaccine choices through the Electronic Vaccine Inventory (EVI) system. The "Update Choice" tab will be open from February 10th through February 21st. If a provider does not wish to make any changes to their current vaccine choices, they do not need to do anything. The next opportunity for a provider to update their vaccine selections will be in June 2014.

A training entitled "Updating Vaccine Choice" is available for providers to review and can be accessed at <http://www.upp.com/vacchoice/index.html>. A printed desk reference is also available on the Vaccine Choice website under Training & Education, Electronic Vaccine Inventory (EVI) at <http://www.dshs.state.tx.us/immunize/choice/default.shtm>.

If you have any questions, please contact your DSHS Health Service Region, Local Health Department or the Vaccine Call Center at 1-888-777-5320.
