

## How to Change Sites

Step #	Execution Procedure or Input	Expected Result or Output
1	If you are not associated with more than one site, verify the welcome banner does NOT contain a <b>change site link</b> . (See welcome banner change site link at end of test). Skip this practice	<b>System should not display a program name, site, or change site link for single site users.</b>
2	If you are assigned to more than one site, and <b>change site link</b> appears on the top right of the Banner page select any screen and click the <b>change site link</b>	<b>For multiple program/site users, the welcome banner should show the program name, site, and change site link.</b>
3	select any screen and click the <b>change site link</b>	<b>System should take you to the change program screen if you have more than one program .</b>
4	If you have more than one program the system will take you to the <b>customer program selection screen</b> . Select the program associated to the site you wish to work in behalf of	<b>System should allow you to select the program</b>
5	Select a different site from the <b>customer site selection screen</b>	<b>System should take you to the site you selected</b>
