January 28, 2008

The Honorable Rick Perry  
Governor's Office  
Post Office Box 12428  
Austin, TX 78711

Dear Governor Perry:

The Texas Health and Safety Code, Chapter 42, requires the Department of State Health Services (DSHS) to report annually on the activities of the Kidney Health Care (KHC) Program. The report covers the activities, expenditures, and accomplishments of the KHC Program for the fiscal year ending August 31, 2007. The report is available on the DSHS website at [www.dshs.state.tx.us/kidney/reports.shtm](http://www.dshs.state.tx.us/kidney/reports.shtm).

The KHC Program has provided services to Texans diagnosed with end-stage renal disease since September 1973. During these 34 years, almost 92,000 individuals diagnosed with this chronic disease have been approved for program benefits. The KHC Program provides benefits for access surgery, dialysis treatments, hospitalization, drugs, premium payment assistance, and transportation services. The Purchased Health Services Unit of the DSHS administers this program.

For more information about the program, please have a member of your staff contact Jean Hanson, Purchased Health Services Unit, at 512/458-7111, ext. 3014 or toll-free at 1-800-222-3986, or e-mail [jean.hanson@dshs.state.tx.us](mailto:jean.hanson@dshs.state.tx.us).

Sincerely,

A handwritten signature in black ink, appearing to read "D. Lakey M.D.", written in a cursive style.

David L. Lakey, M.D.  
Commissioner
