

Kidney Health Care 101: What Every Social Worker Needs to Know

Can you answer these frequently asked questions about the Kidney Health Care program (KHC)?

- Is a client's cell phone bill acceptable to use as a Texas residency document for the KHC Application for Benefits?
- When using a Medicare card as a Social Security number verification document, do you have to submit a copy of the front and back?
- In determining the Travel Benefit start date for a newly approved KHC client, does it matter if it's for a home dialysis client or an in-center dialysis client?
- When a KHC client moves to a different address, who is responsible for reporting the change to KHC? And by when?

If you're unsure about your response to any of these questions, then the answer is the Kidney Health Care 101 Online Training.

You'll earn free CEUs while learning how to properly submit an application for quicker processing and approval. With the online course, you can take the training whenever and wherever it is convenient for you.

After successful completion of this course, you will be eligible for ASKITWeb Training.
