What are you applying for? (Initial in the space provided for **Option A-New License** or **B-License Upgrade**)

A. New License Requested: _____ Licensed Marriage and Family Therapist Associate (LMFT Associate)
 _____ Licensed Marriage and Family Therapist (LMFT)

(Note: If an applicant applies for licensure as a LMFT and does not meet the supervised experience requirement, the applicant will be considered for licensure as a LMFT Associate).

B. Upgrade of LMFT Associate license to LMFT: _____ LMFT Associate License number: _____

(Note: An upgrade of LMFT Associate to LMFT requires at least one renewal of the LMFT Associate license. Initial LMFT Associate licensure is granted for a period of 24 months. Documentation of the **minimum** of 24 months of post-graduate supervised experience and supervision (part of the minimum requirements for LMFT licensure) **cannot** be acquired in the 24 months of initial LMFT Associate licensure; therefore, generally, at least one LMFT Associate license renewal is required).

ACADEMIC REQUIREMENTS: (for both **initial** LMFT and **initial** LMFT Associate Licenses. If you are **upgrading** from LMFT associate to LMFT, you may **not** need to resubmit transcripts.) *If you are a masters or doctoral student in the last semester of study for one of the following degree programs, you are eligible to sit for the national licensing examination.*

I am submitting original transcripts verifying having met the academic requirements as indicated (select one by initialing the appropriate blank):

- _____ A master’s degree or doctorate degree (or currently in the last semester of study) in marriage and family therapy from a program accredited by the Commission on Accreditation for Marriage and Family Therapy Education (COAMFTE).
 - _____ A master’s degree or doctorate degree (or currently in the last semester of study) in marriage and family therapy from an institution or program accredited by an accrediting body that is recognized by the Council for Higher Education Accreditation (CHEA), but which are not accredited by COAMFTE, provided that the practicum is at least 9 credit hours or 12 months. If the practicum is not at least 9 credit hours or 12 months an applicant may be approved to take the licensing examination and may be issued an associate license upon successfully passing the examination. Prior to receiving a license as a marriage and family therapist, the applicant shall complete the pre-graduation practicum deficit in addition to the post-graduate supervised experience requirements consistent with the requirements in Title 22, Texas Administrative Code (TAC), §801.142.
 - _____ A master’s or doctorate degree (or currently in the last semester of study) from an institution or program accredited by an accrediting body that is recognized by the Council for Higher Education Accreditation (CHEA) in a related mental health field with a planned course of study in marriage and family therapy as described in 22 TAC §801.113(d) and (e) with minimum course content as described in 22 TAC §801.114.

SUPERVISED CLINICAL EXPERIENCE AND SUPERVISION:

Some of the minimum requirements for licensure as an LMFT include: (See 22 TAC §801.142)

1. At least **3,000 hours** of **board-approved, supervised** marriage and family therapy practice **experience**:
 - of which at least 1,500 hours must be **direct clinical services**, and of the 1,500 hours of direct clinical services, at least **750 hours** must be provided to couples or families;
 - of which the remaining 1,500 hours of the 3,000 hours may come from either direct clinical services or related experiences; and
 - of which no more than **500 hours** may be transferred from a COAMFTE accredited doctoral program.
2. At least **200 hours** of **supervision**:
 - of which at least 100 hours must be **individual** supervision;
 - of which no more than 100 hours may be transferred from the graduate program for supervision as a part of a **qualifying clinical practicum**; and
 - of which at least 50 hours of the **post-graduate** supervision must be **individual** supervision.

Supervised clinical experience and supervision, which may be acceptable to the board to meet the minimum requirements of licensure as an LMFT, **must be earned** through engagement in **board-approved, supervised** marriage and family therapy practice **experience** for a **minimum period of 24 months (2 years)**. This 24 month minimum applies to **all applicants** unless there is explicit approval from the board of an exception. A board-approved **Supervisory Agreement Form (Form III)** must be submitted to the board within 60 days of commencement of supervised services.

With only certain exceptions, the supervised clinical experience and supervision hours must be earned **while licensed in Texas as an LMFT Associate** and while under one (or more) **board-approved** Supervisory Agreement Form(s) (**Form III**), for which **board approval is location and detail specific**, and for which the licensee will receive a **written notification** of approval or of deficiency from the board office following submission. If an individual does not receive written notice of approval or deficiency, **it is the licensee's responsibility** to follow-up with the board office **within 8 weeks**. Supervised experience and supervision hours accrued without written board approval **will not be considered** as satisfying the minimum requirements for licensure as a LMFT.

The **only** exceptions to the requirements above related to minimum requirements for licensure for supervised experience and supervision **being earned under LMFT Associate licensure in Texas** under a **board-approved Supervisory Agreement Form (Form III)** include the following.

1. Of the minimum of 200 hours of supervision, **no more than 100 hours** may be transferred from the graduate program related to a qualifying clinical practicum. This option requires that the applicant also submit for approval **Supervised Clinical Practicum Supervision and Experience Verification Form (Form VI)**.
2. Of the minimum of 3,000 hours of supervised experience required, **no more than 500 hours** may be transferred from a COAMFTE accredited doctoral program. This option requires that the applicant also submit for approval **Supervised Clinical Practicum Supervision and Experience Verification Form (Form VI)**.
3. Supervised experience and supervision **accrued in another jurisdiction** may be considered by the board to meet minimum requirements for licensure through endorsement with appropriate verification of the hours by that jurisdiction and at the discretion of the board. This option requires that the applicant also submit for approval **Verification of Licensure in Other Jurisdiction (Form II)** or other appropriate documentation as determined by the board. Only an applicant who is currently licensed and in good standing with a Marriage and Family Therapist licensing board in another state or jurisdiction may be eligible to demonstrate having met some licensing requirements by endorsement. Endorsement is the process whereby the board reviews requirements for licensure completed while under the jurisdiction of a different marriage and family therapy regulatory board. TSBEMFT may accept, deny or grant partial credit for requirements completed in another jurisdiction. Supervision completed toward licensure as a clinician other than as a marriage and family therapist is **not** eligible to be used toward licensure as a Licensed Marriage and Family Therapist.
4. Under **extraordinary circumstances**, other exceptions may be considered and approved by the board. This option requires that the applicant must also submit a **written request for approval** of the exception and a justification for the request. Board staff or the appropriate committee of the board will approve or deny the request.

Licensure by Endorsement: If you are requesting consideration of having met licensing requirements by **endorsement**, initial the blank and provide the information requested. I am requesting that the board consider (Initial all that apply):

- ____ licensing examination score
 ____ supervision and/or supervised experience

Note: At the completion of supervised clinical experience and supervision, a licensee is required to submit a separate **Licensed Supervised Experience Verification Form (Form V)** for *each* board-approved Supervisory Agreement Plan (Form III) on file with the board and for which the licensee has received a written notification from the board of approval. If the licensee did not receive written notification of approval from the board, the supervised experience and supervision are not acceptable towards minimum requirements for licensure as an LMFT.

I have successfully completed the Texas Jurisprudence exam and have enclosed the certificate of completion.
