Re: Webinar Training on Contract Performance Measures (outputs and outcomes)

The Department of State Health Services (DSHS) will conduct a webinar training on the substance abuse treatment contract performance measures on July 2, 2014. Senate Bill 126, which passed during the 83rd Legislative Session, requires DSHS to post these data publically on the DSHS website. DSHS will post data for the second half of this fiscal year in October, 2014. DSHS will also be correcting information related to opioid substitution performance measures that was included in the February webinar trainings. DSHS will be recording this training and will provide a link to the recorded version following the live presentation. The recorded version will be available for 90 days following the live webinar training.

Wednesday, July 2, 2014: 2:00 PM CST

There is no need to pre-register for the webinar. At the scheduled time, click the following link (or copy and paste into your web browser):
