

Urethra**C68.0**

C68.0 Urethra

Note: Transitional cell carcinoma of the prostatic ducts and prostatic urethra are to be coded to urethra (C68.0) according to this schema.

Urethra**CS Tumor Size**

See Standard Table

Urethra**CS Extension**

Note: If Extension code is 000, 010, 020 or 050, Behavior Code must be 2. If Extension code is 100 or greater, Behavior Code must be 3.

Urethra**CS Lymph Nodes**

Note 1: Code only regional nodes and nodes, NOS, in this field. Distant nodes are coded in the field Mets at DX.

Note 2: Code the size of the metastasis in the lymph node as documented in the pathology report to determine codes 100-300, not the size of the lymph node itself. If the size of the metastasis is not documented, code the size of the involved lymph node itself as documented pathologically or clinically with pathology taking priority. Do not code the size of any nodes coded in CS Mets at DX.

Note 3: Regional nodes include bilateral and contralateral involvement of named nodes.
