

## 2012 Texas Selected Cancer Facts

## Lubbock County

Texas Selected Cancer Facts are provided by the Texas Cancer Registry (TCR), a collaboration of the Texas Department of State Health Services, National Program of Cancer Registries-Centers for Disease Control and Prevention, and Cancer Prevention and Research Institute of Texas. The TCR is a statewide population-based registry that serves as the primary source of Texas cancer data. These data are used to measure the Texas cancer burden, progress in cancer prevention and control, and support a wide variety of cancer research.

Lubbock County

In 2012, it is estimated that there will be **1,154 new cancer cases** and **423 cancer deaths** in Lubbock County.

### Average Annual Number of New Cancer Cases and Deaths, 5 Leading Sites, 2005–2009
