SUBJECT: Resource Just for Kids Products

We have recently learned Nestle has renamed, reformulated or discontinued all Resource Just for Kids formulas. These formulas include:

- Resource Just for Kids
- Resource Just for Kids with Fiber
- Resource Just for Kids 1.5
- Resource Just for Kids 1.5 with Fiber

Vendors may already be out of stock of some of these formulas. If a participant needs future issuance, contact the vendor before issuing any of these formulas to confirm the formula is available. If a participant has a new request, or cannot find the formula, contact the health care provider for other options.

Because we are not sure of the official new name and package sizes of the replacement products, we cannot issue them. The new brand will be called Boost Kid Essentials. There appears to be 3 or 4 types of Boost Kid Essentials. When more information about the products becomes available they may be added to Texas WIN and the EBT systems. Contact the formula pager if you need assistance with this situation.
