

Memorandum

#10-123

TO: WIC Regional Directors
WIC Local Agency Directors

FROM: Linda Brumble, Unit Manager
Nutrition Education/Clinic Services Unit
Nutrition Services Section

DATE: September 8, 2010

SUBJECT: Possible defective part in Educational Activity Kits

This memo is to inform you of possible defective parts in the recently delivered Educational Activity Kits.

One local agency has reported a few cracked jars in some of the Recipe for Breastmilk activity kits and a breast model with a “peeling” areola in one of the Hands on Expression kits. Replacement parts were immediately sent to this local agency.

Please ask your staff to check their activity kits carefully and report any defective parts to tracy.erickson@dshs.state.tx.us by **September 24, 2010**. A report of defective parts must include as much detail as possible such as number of cracked jars, how each are labeled, etc.

If you have questions or require additional information, please contact Tracy Erickson, WIC Breastfeeding Coordinator, at tracy.erickson@dshs.state.tx.us or (512) 341-4521.
