*Zobey's Jungle Jive* DVD, stock no. DV0568 is the newest in the Zobey series. In November 2010, all local agencies received 2 lessons that can be used with *Zobey Jungle Jive*:

- **SP-000-31, *Zobey's Jungle Jive*** (self-paced take-home lesson) – This lesson offers specific ideas to help families plan healthy get-togethers for children. There are tips on healthy snacks, active group games, and food safety. Families keep the DVD and return the lesson survey at their next appointment to get credit for the class.
- **CH-000-22, CCNE: *Zobey's Jungle Jive*** (group class) – As a group, the class watches and dances to the first part of the video. Then the instructor guides a discussion about healthy celebrations for kids, using open-ended questions about healthy snacks and active games. The lesson also has ideas for optional activities.

The State Agency is trying to reduce the warehouse inventory of this DVD. We encourage local agencies to offer this DVD to all children on the Texas WIC program. In addition, you may give these DVDs to potentially eligible families as part of your outreach efforts.
