DATE: April 27, 2012

SUBJECT: Formula Description Changes, April 2012

Descriptions are changing for 13 existing formulas available for issuance. Below is a list of both old and new descriptions. The formula codes will remain the same; only the names have been updated to reflect label changes that have occurred over the past several months. Items in **bold** have either been added to or deleted from each description. The new descriptions will appear in the new clinic formula table that will be downloaded to TWIN in mid-April.
