

## Memorandum

---

**#12-124**

**TO:** WIC Regional Directors  
WIC Local Agency Directors

**FROM:** Linda Brumble, Unit Manager  
Nutrition Education/Clinic Services Unit  
Nutrition Services Section

**DATE:** November 26, 2012

**SUBJECT:** Breast Pump Material Revision Update

---

This memo announces the revisions of two existing breast pump materials. The *Breast Pump Reference Manual*, which was previously the *Breast Pump Procedures Manual*, and the *Ask About Our WIC Breast Pump Program Poster*. Both materials will be mailed automatically to all local agencies in the next few weeks.

***Breast Pump Reference Manual*** (Stock #13-06-12146)

The *Breast Pump Reference Manual* serves as a resource for staff to access as needed. This manual provides basic information on ordering, receiving, reconciling, issuing, retrieving, transferring, and maintaining a breast pump inventory. Local agencies will receive one manual for each clinic. The manual will also be available for downloading from the WIC Catalog. Please recycle the outdated *Breast Pump Procedures Manual* and begin using the new *Breast Pump Reference Manual* as soon as it is available.

***Ask About Our WIC Breast Pump Program Poster*** (Stock #13-186)

This poster was revised to advertise the different methods of breastfeeding support offered by WIC. The poster is now available with English on one side and Spanish on the other, and can be posted anywhere within the clinic. Each local agency will receive enough posters to provide each of their clinics with one copy in each language. In addition a small stock will be available for ordering from the WIC Catalog. Please recycle the older poster dated 10/2006.
