## Vendor News Flash

### Changes in Non-Contract Infant Formula

Effective October 1, 2016, Texas WIC will no longer issue non-contract infant formulas to newly enrolled WIC participants. However, to assist our WIC families during this transition, WIC participants who were prescribed these formulas on or before September 30, 2016, will continue to be eligible for these formulas with an approved prescription. The new policy will affect the following formulas:

- Enfamil Newborn
- Enfamil Infant
- Enfamil ProSobee
- Enfamil Gentlease
- Enfamil AR
- Similac Soy Isomil
- Good Start Gentle
- Good Start Soothe

Vendor Management & Operations (VMO) wants WIC vendors to have sufficient notice of this formula change in order to assist in the proper stocking of these products.

VMO is ready to assist our vendor partners with any questions regarding this Vendor News Flash. Please contact us at [WICVendorRelations@dshs.texas.gov](mailto:WICVendorRelations@dshs.texas.gov) .
