Section IV: Influenza Surveillance Activities

Table of Contents

Key Texas Surveillance Activities IV.4

Subsection a) ILINet IV.5

- ILINet Overview IV.5
- How to Log into the ILINet Portal IV.9
- How to Enter a Weekly Report IV.10
- Using the ILINet Website to download and summarize data using Excel Pivot Tables IV.12
  - What is a pivot table? IV.12
  - Instructions IV.12
  - Definitions for ILINet Data Fields IV.19
  - Quick Reference and Helpful Hints for Pivot Tables IV.19
- Data Quality Checks in ILINet IV.22
- ILINet Application Form IV.23

Subsection b) RVSP/IISP IV.24

- RVSP/IISP Overview IV.24
- Example RVSP Report Form IV.26

Subsection c) ILI Activity IV.27

- ILI Activity Overview IV.27
- Data Collection IV.28
- Example Influenza Surveillance Report Forms IV.30
- References IV.33

Subsection d) Laboratory Surveillance IV.34

### Surveillance Activities

- Hospital/emergency room visit based syndromic surveillance systems
- Medication based syndromic surveillance
- Internet search based surveillance
- Self-report surveillance
  - Border Influenza Surveillance Network
Key Texas Surveillance Activities

Section II of this handbook provided an overview of influenza surveillance at the national, state and local levels. This section provides technical information on the main influenza surveillance activities that are conducted in Texas. This section is meant to serve as a tool for influenza surveillance coordinators to build and maintain influenza surveillance.
