

**Pertussis Cases and Incidence Rates<sup>a</sup> for the Most Populous Texas Counties, 2018-2019**

County	2018		2019	
	Cases	IR	Cases	IR
BEXAR	70	3.5	92	4.5
BRAZORIA	50	12.9	16	4.3
CAMERON	16	3.4	21	4.9
COLLIN	57	5.3	64	6.3
DALLAS	76	2.9	124	4.6
DENTON	55	6.3	95	10.9
EL PASO	29	3.2	21	2.4
FORT BEND	26	3.2	26	3.2
HARRIS	141	3.0	119	2.4
HIDALGO	91	9.5	89	10.3
MONTGOMERY	39	6.4	11	-
NUECES	8	-	6	-
TARRANT	196	9.5	205	9.7
TRAVIS	69	5.6	89	7.0
WILLIAMSON	22	3.8	18	3.2
STATEWIDE TOTALS	1,168	4.0	1,320	4.5

<sup>a</sup>Incidence rates (IR) are calculated per 100,000 population. Population data are projected population from Texas Demographic Center's Texas Populations Projections Program; 2019 population projections were updated July 18, 2019, and 2018 population projections were from the prior version.

Note: Per the Emerging and Acute Infectious Disease Unit Data Suppression Policy, case counts are not published when underlying populations are less than 2,000, when n<10 for populations 2,000 to 20,000, or when n<5 for populations 20,000 to 400,000. Rates are not provided when underlying populations are less than 2,000 or the Relative Standard Error exceeds 25% (n<16).
