Annotations

ABC'S, AN INTRODUCTION - 5589
video color 15 min. 1990 A, Professional
Describes symptoms and causes of dementia. Discusses methods for effective communication with Alzheimer's patients. Explains that behaviors always occur in three parts, A, B, and C. A is the antecedent or triggering event, B is the behavior itself, and C is the consequence of the behavior. By changing an unpleasant behavior, the quality of life for the patient can be enhanced and caregiving can be made easier. Explains the steps in applying the ABCs of behavior management. (TERRA)

THE ABC'S OF FIRE EXTINGUISHERS - 4801
video color 13 min. 1989 JrH-A
Explains the A, B, and C classes of fire and a simple way to remember them. Demonstrates what type of extinguisher to use on what class of fire. Illustrates the fire triangle through animation. Shows how to extinguish a “flashback”. (JEWELL)

ADVANCE DIRECTIVE: TAKING CONTROL (closed captioned) – DV0627
DVD color 17 min. 2010 A
This program details the living will and the healthcare power of attorney. It discusses both medical and emotional choices to be made about future care. While emphasizing the benefits of an advance directive, including how easy it is to fill one out, the DVD talks about the peace of mind family members will get knowing that an advance directive has been created. (MILNER)

ADVANCE DIRECTIVES: THE DECISION IS YOURS-7171
video color 25 min. 1992 A
Explains the nature and purpose of the Patient Self-Determination Act, including the “Durable Power of Attorney for Health Care” and the “Living Will.” Presents simulated conversations between patients, family members, and health professionals. Gives the reasons for making an advance directive. (MEDCOM)

AN AGING PROCESS—OSTEOPOROSIS - 5422
video color 21 min. 1986 SrH-A
Defines osteoporosis, its symptoms, and preventive measures. Summarizes the physiology of the disease. (FGH)

AGING THE NATURAL PROCESS - DV0075
DVD color 37 min. 2001 A-Professional
This program takes a look at the changes that occur naturally to the various systems of the human body as a person ages, and describes actions that can be taken to maximize and maintain their functionality. (MEDCOM)

AIRBORNE PATHOGENS – DV0572
DVD color 8 min. 2003 A
Airborne diseases are easily transmitted from person to person. Viewers are shown how they can help reduce risk of infection by practicing good hygiene and using infection-control techniques where there is risk of occupational exposure. (SAFETY)

ALZHEIMER'S DISEASE.. A WILDERNESS EXPLORED-7129
video color 30 min. 1994 A, Professional
Emphasizes the various kinds of current research into the causes of both early onset and late onset Alzheimer’s disease. Discusses the possible genetic links. Describes the physiological changes that occur to brain cells. Explains that when the causes of the disease are identified medicine will be able to determine ways to intervene to prevent or arrest the deterioration of brain cells. (GLAXO)

ALZHEIMER'S DISEASE: INSIDE LOOKING OUT - 5985
video color 18 min. 1995 SrH-A
Alzheimer’s patients talk openly about the impact that the disease has on their lives. They discuss their right to be informed of their diagnosis and to share in the decision-making. They talk of the necessary adjustments to their modes of living as a result of the disease and how it has affected their relationships with others. (TERRA)

ALZHEIMER'S DISEASE: STOLEN TOMORROWS - 4307
video color 26 min. 1986 A, Professional
Describes the various stages of Alzheimer's disease and provides coping strategies for people whose lives are touched by the disease. Family members share their thoughts and experiences. (AIMS)

ALZHEIMER'S PROJECT (closed captioned) - DV0532
3 DVDs color 533 min. 2009 A
This program contains four documentary films. The Memory Loss Tapes provides an up-close and personal look at seven individuals living with Alzheimer’s. Grandpa, Do you Know Who I am? With Maria Shriver captures what it means to be a grandchild of someone with Alzheimer’s, while Caregivers highlights the sacrifices and successes of people who experience their loved ones’ descent into dementia. Momentum in Science takes viewers inside the laboratories and clinics of 25 leading scientists and physicians, revealing some of the most cutting-edge research advances. (HBO)

ALZHEIMER'S PROJECT DISCUSSION - DV0542
DVD color 90 min. 2009 A
Dr. Ronald Devere, a board-certified neurologist who has been in private practice for 34 years, gives a lecture on the causes of Alzheimer’s disease, who is at risk, prevention and diagnosis. Devere is a member of the board of directors of the Capital of Texas Chapter of the Alzheimer’s Association and was appointed by the governor to the Texas Council on Alzheimer’s Disease and Related Disorders. (DSHS)

GENERAL INFORMATION

Purpose

The Audiovisual Library is maintained for the specific purpose of furnishing agencies, organizations, and individuals with health education media that can be useful for public education, professional education, and school programs.

It is not possible to supply all the media needed for educational programs throughout the state. Health departments, schools, colleges, hospitals, and other organizations are urged to purchase media items for which there is frequent or regularly recurring use.

Who May Borrow

Any responsible individual in Texas may borrow media from the collection. There is no charge other than payment of return mailing and insurance. Media from this library cannot be sent outside of Texas. To be eligible for library services, you must submit a signed Statement of Responsibility form (http://www.dshs.state.tx.us/avlib/forms.shtm) indicating that you have read and agree to abide by all the rules and regulations of the library and that you accept financial responsibility for the media you borrow. If you do not have this form on file, please complete it and mail or fax it to the library before you place your next order. Only one signed form is necessary.

Types of Media

The types of media in the collection include VHS videocassettes, DVDs, CD-ROMs, audio CDs, books, and audiovisual models. Most of these are evaluated and acquired by the various units within the Texas Department of State Health Services. Items in the collection are for free loan only and are not available for sale.

How to Order Media

When possible, borrowers should submit a written request for media. The Audiovisual Library provides a Media Order Blank (http://www.dshs.state.tx.us/avlib/forms.shtm) for this purpose. All of the information must be completed on the Media Order Blank. The order form must be signed.

The Audiovisual Library also accepts telephone requests between 7:30 a.m. and 5:00 p.m. Monday through Friday: (512) 776-7260, toll free: 1-888-963-7111 ext. 7260, or you may fax your order anytime to fax: (512) 776-7474 or e-mail to avlibrary@dshs.state.tx.us. For borrowers outside of Austin, orders should be received by the Audiovisual Library at least four days in advance of the show date. This requirement allows for processing and shipment.

Austin borrowers have two options to receive media. Programs may be picked up and returned at the Audiovisual Library in the Warehouse, Room 115, 1111 North Loop, Austin. Please call for specific directions for locating the library. If the items are available, they may be reserved and picked up during one visit. Programs may also be shipped. The borrower is responsible for payment of the return mailing and insurance.

The loan period is for a maximum of 10 days unless other special arrangements can be made. Unless the 10 days are specifically requested, media will be scheduled for five days.

Group together all items needed on the same dates. Include the catalog numbers for all items. Several items are available in different media formats, such as VHS videocassette and DVD. The catalog numbers distinguish the format and are very important.

Borrowers are limited to eight media titles for a given loan period in order to provide maximum access to the collection by the greatest number of borrowers. New clients may check out a maximum of three items on their first order.

Plan ahead and check your calendar before ordering. Reservations are accepted up to a year in advance of the show date. Do not schedule items to be received or returned on holidays or weekends. Unless you specify otherwise, any media requested but not available on the dates specified will be booked for the first available date or a similar title will be scheduled for the requested use dates. If you need to cancel these items, do so before the ship date indicated.
Order Confirmation

Orders are confirmed in writing. Confirmation letters, e-mails or faxes list the titles available, the ship or pick-up date, the date the items must be returned, and the titles not available. Check this information carefully and telephone the Audiovisual Library before the scheduled ship date if any corrections are needed.

Copyright Restrictions

Media in the collection cannot be duplicated or televised without prior written permission from the copyright owner. Media cannot be shown for commercial purposes, nor can an attendance fee be charged for their showing. Violations of federal copyright law will result in the immediate suspension of Audiovisual Library privileges and prosecution by the copyright owner can result in financial penalties and/or jail.

Borrower Responsibility

Media may not be lent by the borrower to others. The borrower accepts responsibility for return shipping costs and for the prompt return of media items, loss or damage beyond repair, copyright compliance, and determining appropriate audiences.

Media items are in great demand so it is extremely important to return them on the scheduled date. Any borrower having three (3) late returns will have their Audiovisual Library privileges suspended. No further confirmed orders will be shipped to borrowers with materials still out that are two weeks or more late being returned. Willful failure to return borrowed media upon request will be viewed as theft of state property in violation of Section 31.03, Texas Penal Code, the conviction of which could, depending on value, result in a fine not to exceed $500.00 (Class C Misdemeanor), to confinement up to 10 years and a fine up to $10,000 (Third Degree Felony).

Items reserved for pick-up that are not picked up or canceled will be returned to stock and will count as a late penalty against the borrower's record.

The borrower is financially responsible for borrowed media until its return to the Audiovisual Library. Borrowers will be billed for any lost or damaged media.

Returning Media

Return items on or before the scheduled return date. If you need to extend a reservation, telephone the Audiovisual Library at (512) 776-7260 and it will be extended once if there are no other reservations. Extensions should be kept to a minimum.

Borrowers in Austin return media items to the Audiovisual Library. An outdoor drop box is located near the Library entrance to return items after closing. Borrowers who had their programs shipped to them are responsible for payment for the return shipping costs and insurance.

Videocassettes should be rewound before return. A condition check is made after each circulation.

Return all supplemental printed material such as study guides with the media. Return all video cases. Such material not returned will cause borrowers to be billed for replacement or a late penalty will be assessed.

Pack media items in the same shipping containers (bubble envelopes or cardboard boxes) in which they were received. Return the packing list with the item and indicate usage and any condition problems. A return address label is provided.

Items will be shipped by Lone Star Overnight. You are not required to return them in the same manner but a traceable courier service (UPS, FedEx, Lone Star Overnight) is encouraged. Unless otherwise specified, insure each video or DVD for $200; models should be insured for $100 each; and books, CD-ROMs, and audio CDs should be insured for $25 each. Shipments valued at over $400 should be returned by UPS or similar courier service. Borrowers will be liable for returned uninsured shipments if lost in transit. The user assumes financial responsibility to the State of Texas should items requested be lost, stolen, or damaged from the date received until the materials are received in the Audiovisual Library.

STATEMENT OF RESPONSIBILITY

Materials in the Texas Department of State Health Services Audiovisual Library collection are inventoried state property. The person indicated on the media order blank as the Borrower assumes all responsibility for borrowed media. Borrower responsibility includes:

1. **Prompt return of materials by the scheduled date.** The borrower is responsible for return shipping costs. Any borrower having three (3) late returns will have their Audiovisual Library privileges suspended. No further confirmed orders will be shipped to borrowers with materials still out that are two weeks or more late being returned. Willful failure to return borrowed media upon request will be viewed as theft of state property in violation of Section 31.03, Texas Penal Code, the conviction of which could, depending on the value, result in a fine not to exceed $500 (Class C Misdemeanor), to confinement up to 10 years and a fine up to $10,000 (Third Degree Felony). Please return materials by U.S. Mail, UPS, or other insured carrier.

2. **Prompt pickup of scheduled materials by borrowers.** Scheduled materials not picked up on the pickup date will be returned to the Library on that date and will be charged the same as a late return.

3. **Replacement of lost or damaged materials.** Audiovisual Library personnel check all materials for damage after each use. Materials returned by mail should be insured. Unless otherwise specified, insure each VHS video or DVD for $200; each model for $100; and each book, CD-ROM, or audio CD for $25. Shipments valued at over $400 should be returned by UPS or similar courier service. Borrowers will be liable for returned uninsured shipments lost in transit. In the event of loss or damage beyond repair, the Audiovisual Library will invoice the borrower for the full replacement value of the materials or the cost of the repair expense. All materials that come in the shipment must be returned, including study guides and video or audio cases or borrowers will be billed for their replacement. A packing slip or card is enclosed with each shipment. This should be completed with the number of showings and viewers for each audiovisual item borrowed.

4. **Copyright compliance.** Borrowed materials cannot be duplicated or televised without prior written permission from the copyright owner. Audiovisuals cannot be shown for commercial purposes, nor can an attendance fee be charged for their showing. Violations of federal copyright law will result in the immediate suspension of Audiovisual Library borrowing privileges and prosecution by the copyright owner can result in financial penalties and/or jail.

5. **Preview prior to showing.** Borrowers are responsible for selecting media appropriate for their audiences. Media should be previewed prior to showing.

6. **Privacy notification.** With few exceptions, you have the right to request and be informed about information that the State of Texas collects about you. You are entitled to receive and review the information upon request. You also have the right to ask the state agency to correct any information that is determined to be incorrect. See [http://www.dshs.state.tx.us/policy/privacy.shtm](http://www.dshs.state.tx.us/policy/privacy.shtm) for more information about privacy notification. (Reference: Government Code, Section 552.021, 552.023, 559.003, and 559.004)

I acknowledge financial responsibility to the State of Texas should items borrowed be lost, stolen, or damaged from the date I receive the items until the materials have been received in the Library. I have read and agree to the terms in the Statement of Responsibility above.

I acknowledge financial responsibility to the State of Texas should items requested below be lost, stolen or damaged from the date I receive the items until the materials have been received in the library. I understand that it is strongly recommended that items be insured on their return to the library and that, if I fail to do so, I will be charged the full replacement cost for all lost, stolen or damaged items. I have read and agree to the terms of the **Statement of Responsibility**. **Privacy Notification:** With few exceptions, you have the right to request and be informed about information that the State of Texas collects about you. You are entitled to receive and review the information upon request. You also have the right to ask the state agency to correct any information that is determined to be incorrect.
