The Hospital Survey Program in the Center for Health Statistics, Texas Department of State Health Services (department), has completed its analysis of hospital data for the purpose of certifying nonprofit hospitals or hospital systems for limited liability in accordance with the Health and Safety Code, §311.0456. We received requests for certification from 14 hospitals. We will notify each hospital by mail that is certified in accordance with §311.0456.

Certified: 1 non-profit hospital system (6 hospitals) and 7 non-profit hospitals were determined to be eligible for certification based on information that they provided i.e., charity care in an amount equal to or greater than 8 percent of their net patient revenue and that they provided 40 percent or more of the charity care in their counties. The certification issued under Health and Safety Code §311.0456 to a nonprofit hospital or hospital system takes effect on December 31, 2015, and expires on the one year anniversary of that date.
