

VIDEO GAME FACILITIES: Page 3 of 3

Health recommendations for your video game equipment:

- Assign at least one employee or contractor full time to disinfect the video games and other interactive amusements. **Continuous disinfecting is needed to protect customers.**
- Disinfect all gaming equipment before and after customer use.
- Provide equipment disinfecting products throughout facility for use on equipment and for customer use before they play.
- Ensure only one player can play a game at a time.
- Provide for at least 6 feet of separation between games.

If you serve food and/or beverages:

- For waiter-provided food service:
 - Do not leave condiments, silverware, flatware, glassware, or other traditional table top items on an unoccupied table.
 - Provide condiments only upon request, and in single use (non-reusable) portions or in reusable containers that are cleaned and disinfected after each use.
 - Clean and disinfect the area used for dining (table, etc.) after each group of customers depart the area.
 - Use disposable menus (new for each patron), or clean and disinfect reusable menus after each use.
 - If you allow customers to write down their food orders, provide take-home pencils and notepads that cannot be used by other customers.
 - Have wait staff sanitize or wash hands between interactions with customers.
- For counter food service:
 - Provide condiments or flatware only in single use, individually wrapped items, and provide condiments only upon request.
 - Have employees and contractors follow proper food-handling protocols.
 - Disinfect any items that come into contact with customers.
- Clean and disinfect the area used for dining (table, etc.) after each group of customers depart, including the disinfecting of tables, chairs, stalls, and countertops.
- Block off or remove self-service drink fountains.
