

Jessica Del Toro

Congenital Syphilis Epidemiologist
TB/HIV/STD Epidemiology and Surveillance Branch
Texas Department of State Health Services

Jessica Del Toro is the Congenital Syphilis Epidemiologist for the Texas Department of State Health Services where she initiates and conducts analysis on data associated with Congenital Syphilis (CS), including examining surveillance efforts, epidemiologic trends, and public health follow-up efforts. Jessica first began working on CS in 2017 with the San Antonio Metropolitan Health District as a Disease Intervention Specialist where she conducted follow-up for pregnant women with syphilis, CS investigations, and maternal interviews for Bexar County. Jessica currently serves as a core team member on the Fetal Infant Morbidity Review Boards on Congenital Syphilis in Houston, San Antonio, and Dallas/Fort Worth areas.
