

Texas HIV Medication Program (THMP) Medication Formulary and Maximum Quantities

Drug Name	Priority	Class	Strength/Form	Per Unit	MAX Qty/30-day script	MAX Qty/90-day script	Notes
Aptivus (tipranivir) **	1	PI	250 mg capsules	120/btl	120 capsules	N/A	If the THMP provides Aptivus, then the Norvir used as a boosting agent must be obtained thru the Abbott PAP.
Atripla (Sustiva / Truvada) (Sustiva / Emtriva / Viread)	1	STR	Sustiva 600 mg / Emtriva 200 mg / Viread 300 mg tablets	30/btl	30 tablets	90 tablets	Atripla counts as 3 medications towards a 4 antiretroviral drug combination limit.
Biktarvy (bictegravir/emtricitabine/tenofovir alafenamide)	1	STR	Bictegravir 50 mg / emtricitabine 200 mg / tenofovir alafenamide 25 mg	30/btl	30 tablets	90 tablets	Biktarvy counts as 3 medications towards a 4 antiretroviral drug combination limit.
Combivir (AZT / 3TC)	1	RTI	AZT 300 mg / 3TC 150 mg tablets	60/btl	60 tablets	180 tablets	Combivir counts as 2 medications towards a 4 antiretroviral drug combination limit.
Complera (Emtriva/Edurant/Viread)	1	STR	Emtriva 200 mg / Edurant 25 mg / Viread 300 mg tablets	30/btl	30 tablets	90 tablets	Complera counts as 3 medications towards a 4 antiretroviral drug combination limit.
Delstrigo	1	STR	Doravirine 100 mg /lamivudine 300 mg/tenofovir disoproxil fumarate 300 mg	30/btl	30 tablets	N/A	
Descovy	1	RTI	emtricitabine 200mg / tenofovir TAF 25mg	30/btl	30 tablets	90 tablets	
Dovato (dolutegravir/lamivudine)	1	STR	Dolutegravir sodium 50mg/ lamivudine 300mg	30/btl	30 tablets	N/A	
Emtriva (emtricitabine)	1	RTI	200 mg capsules	30/btl	30 capsules	90 capsules	
Emtriva OS (emtricitabine)	1	RTI	10 mg/ml suspension	170 ml/btl	4 bottles	N/A	
Epivir (lamivudine, 3TC)	1	RTI	100 mg tablets	60/btl	60 tablets	N/A	
Epivir (lamivudine, 3TC)	1	RTI	150 mg tablets	60/btl	60 tablets	180 tablets	
Epivir (lamivudine, 3TC)	1	RTI	300 mg tablets	30/btl	30 tablets	90 tablets	
Epivir OS (lamivudine, 3TC)	1	RTI	10 mg/ml suspension	240 ml/btl (8 oz)	4 bottles	N/A	
Epzicom (Epivir / Ziagen)	1	RTI	Epivir 300 mg / Ziagen 600 mg	30/btl	30 capsules	90 capsules	Epzicom counts as 2 medications towards a 4 antiretroviral drug combination limit.
Evotaz (Atazanavir 300mg / cobicistat 150 mg)	1	RTI	Evotaz 300/150 mg tablets	30/btl	30 capsules	90 capsules	Evotaz counts as 2 medications towards a 4 antiretroviral drug combination limit.
Genvoya (Vitekta / Tybost / Emtriva / Viread)	1	STR	10 mg tablets	30/btl	30 tablets	90 tablets	
Intelence (etravirine)	1	NNRTI	200 mg tablets	60/btl	60 tablets	180 tablets	
Invirase (saquinavir)	1	PI	200 mg capsules	270/btl	270 capsules	N/A	
Invirase (saquinavir)	1	PI	500 mg capsules	120/btl	120 capsules	360 capsules	
Isentress (raltegravir)	1	II	400 mg tablets	60/btl	60 tablets	180 tablets	
Isentress chewable (raltegravir)	1	II	100 mg chewable tablets	60/btl	240 tablets	N/A	
Isentress HD (raltegravir)	1	EI	600 mg tablets	60/btl	60 tablets	180 tablets	
Juluca (dolutegravir/rilpivirine)	1	STR	50 mg/25 mg tablets	30/btl	30 tablets	90 tablets	Juluca counts as 2 medications towards a 4 antiretroviral drug combination limit.
Kaletra (lopinavir / ritonavir)	1	PI	200 mg/50 mg tablets	120/btl	120 tablets 240/40 days w/ Viramune or Sustiva	360 tablets	

Kaletra OS (lopinavir/ritonavir)	1	PI	400 mg/100 mg/5 ml suspension	160 ml/btl (5.3 oz) *	2 bottles	N/A	* Must be dispensed in full bottle amounts. Please provide # days supply the bottle will last with each order.
Lexiva (fosamprenavir)	1	PI	700 mg tablets	60/btl	60 tablets ** (boosted) 120 tablets *** (unboosted)	180 tablets	** Recommended boosted dose (1 btl/month, taken w/ low-dose Norvir as an additional antiretroviral). *** Written justification from prescribing physician is required for unboosted doses (2 btl/mo, taken w/o low-dose Norvir).
Norvir (ritonavir)	1	PI	100 mg tablets	30/btl	360 tablets; 60 tabs if as a booster	360 tablets	Max of 360 tablets should be sufficient for most longer duration Rx's. The 30-day maximum quantity of 360 tablets is to allow for rare cases in which a patient requires an extremely large dose of Norvir. Contact the THMP if your patient needs this dose for a 90-day prescription.
Norvir OS (ritonavir)	1	PI	80 mg/ml suspension	240 ml/btl (8 oz)	2 bottles	N/A	Please note that due to issues with limited shelf life, ritonavir suspension is not kept in stock by the program and is only available under special circumstances – please consult the program before ordering as manufacturer patient assistance referral may be necessary.
Odefsey	1	RTI	Emtriva 200mg/Edurant 25mg/Viread TAF 25mg	30/btl	30 tablets	90 tablets	
Pifeltro	1	NNRTI	Doravirine 100 mg	30/btl	60 tablets ****	N/A	**** Recommended dose if taken with rifabutin is 2 btl/month; normal adult dose is 100 mg daily (1 btl/month).
Prezcobix (darunavir / cobicistat)	1	PI	800 mg/150 mg tablets	30/btl	30 tablets	90 tablets	Prezcobix counts as 2 medications towards a 4 antiretroviral drug combination limit.
Prezista (darunavir)	1	PI	600 mg tablets	60/btl	60 tablets	180 tablets	
Prezista (darunavir)	1	PI	800 mg tablets	30/btl	30 tablets	90 tablets	
Reyataz (atazanavir)	1	PI	150 mg capsules	60/btl	60 capsules	180 capsules	
Reyataz (atazanavir)	1	PI	200 mg capsules	60/btl	60 capsules	180 capsules	
Reyataz (atazanavir)	1	PI	300 mg capsules	30/btl	30 capsules	90 capsules	
Reyataz Oral Powder (atazanavir)	1	PI	50 mg packets	30/box	5 boxes	N/A	
Selzentry (maraviroc)	1	EI	150 mg tablets	60/btl	60 tablets	180 tablets	
Selzentry (maraviroc)	1	EI	300 mg tablets	60/btl	60 tablets; 120 w/ Sustiva or Intelence	180 tablets	
stavudine (D4T, generic of Zerit)	1	RTI	15 mg capsules	60/btl	60 tablets	180 tablets	
stavudine (D4T, generic of Zerit)	1	RTI	20 mg capsules	60/btl	60 tablets	180 tablets	
stavudine (D4T, generic of Zerit)	1	RTI	30 mg capsules	60/btl	60 tablets	180 tablets	
stavudine (D4T, generic of Zerit)	1	RTI	40 mg capsules	60/btl	60 tablets	180 tablets	
stavudine oral powder (D4T, generic of Zerit)	1	RTI	1 mg/ml powder for oral solution	200 ml/btl (6.7 oz)	12 bottles	N/A	
Stribild (Elvitegravir 150 / Cobicistat 150 /Emtriva 200 / Viread 300)	1	STR	Elvitegravir 150 mg / Cobicistat 150 mg / Emtriva 200 mg / Viread 300 mg tablets	30/btl	30 tablets	90 tablets	Stribild counts as 4 medications towards a 4 antiretroviral drug combination limit.
Sustiva (efavirenz)	1	NNRTI	50 mg capsules	30/btl	90 capsules	270 capsules	
Sustiva (efavirenz)	1	NNRTI	200 mg capsules	90/btl	90 capsules	270 capsules	
Sustiva (efavirenz)	1	NNRTI	600 mg tablets	30/btl	30 tablets	90 tablets	

Symtuza (darunavir / cobicistat / emtricitabine / tenofovir)	1	STR	darunavir 800mg/cobicistat 150mg/emtricitabine 200mg/tenofovir 10mg tablets	30/btl	30 tablets	N/A	Symtuza counts as 4 medications towards a 4 antiretroviral drug combination limit.
Tivicay (dolutegravir sodium)	1	EI	50 mg tablets	30/btl	60 tablets	180 tablets	
Triumeq (abacavir 600mg/dolutegravir 50mg/lamivudine 300mg)	1	STR	600/50/300 mg tablets	30/btl	30 tablets	90 tablets	Triumeq counts as 3 medications towards a 4 antiretroviral drug combination limit.
Trizivir (AZT 300/3TC 150/Ziagen 300)	1	RTI	AZT 300/3TC 150/Ziagen 300 tabs	60/btl	60 tablets	180 tablets	Trizivir counts as 3 medications towards a 4 antiretroviral drug combination limit.
Truvada (Viread 300/Emtriva 200)	1	NRTI/ RTI	Viread 300 mg / Emtriva 200 mg	30/btl	30 capsules	90 capsules	Truvada counts as 2 medications towards a 4 antiretroviral drug combination limit.
Videx EC (didanosine, DDI)	1	RTI	125 mg enteric coated capsules	30/btl	30 EC caps	90 EC caps	
didanosine EC (DDI, generic of Videx)	1	RTI	200 mg enteric coated capsules	30/btl	30 EC caps	90 EC caps	
didanosine EC (DDI, generic of Videx)	1	RTI	250 mg enteric coated capsules	30/btl	30 EC caps	90 EC caps	
didanosine EC (DDI, generic of Videx)	1	RTI	400 mg enteric coated capsules	30/btl	30 EC caps	90 EC caps	
Videx Pedi Pwdr (didanosine, DDI)	1	RTI	20 mg/ml, (2 gm) pedi pwdr soln	100 ml/btl	4 bottles	N/A	
Videx Pedi Pwdr (didanosine, DDI)	1	RTI	20 mg/ml, (4 gm) pedi pwdr soln	200 ml/btl	4 bottles	N/A	
Viracept (nelfinavir mesylate)	1	PI	250 mg tablets	300/btl	300 tablets	900 tablets	
Viracept (nelfinavir mesylate)	1	PI	625 mg tablets	120/btl	120 tablets	360 tablets	
Viracept Oral Pwdr (nelfinavir mesylate)	1	PI	50 mg/gm oral powder	144 gm/btl	12 bottles	N/A	
Viramune XR (nevirapine)	1	NNRTI	400 mg tablets	30/btl	30 tablets	90 tablets	
Viramune (nevirapine) 14-day induction	1	NNRTI	200 mg tablets (induction dose)	14/blister pack	14 tablets	N/A	
Viramune (nevirapine)	1	NNRTI	200 mg tablets (regular dose)	60/btl	60 tablets	180 tablets	
Viramune OS (nevirapine)	1	NNRTI	50 mg/5 ml suspension	240 ml/btl (8 oz)	4 bottles	N/A	
Viread (tenofovir)	1	NRTI	300 mg tablets	30/btl	30 tablets	90 tablets	
Vitekta (elvitegravir)	1	II	85 mg tablets	30/btl	30 tablets	90 tablets	
Vitekta (elvitegravir)	1	II	150 mg tablets	30/btl	30 tablets	90 tablets	
Abacavir (generic of Ziagen)	1	RTI	300 mg tablets	60/btl	60 tablets	180 tablets	
Ziagen OS (abacavir sulfate)	1	RTI	20 mg/ml suspension	240 ml/btl (8 oz)	4 bottles	N/A	
zidovudine (AZT, generic of Retrovir)	1	RTI	100 mg capsules	100/btl *	400 caps	N/A	
zidovudine (AZT, generic of Retrovir)	1	RTI	300 mg tablets	60/btl	60 tablets	240 tablets	
zidovudine OS (AZT, gen of Retrovir OS)	1	RTI	10 mg/ml suspension	240 ml/ btl (8 oz)	8 bottles	N/A	

*** NOTE*** Currently, a client may receive a total of 4 antiretrovirals (RTI's, NRTI's, PI's, EI's or NNRTI's) above per month, with Combivir, Truvada and Emtriva each counting as 2 medications, and Trizivir and Atripla counting as 3 medications. Under specific circumstances, a 5-drug antiretroviral combo may be allowed in which Norvir is used as a boosting agent, and may require THMP consultation prior to approval.

Antiretroviral Medication Class Coding (above)

EI Entry Inhibitor
 II Integrase Inhibitor
 RTI Reverse Transcriptase Inhibitor
 PI Protease Inhibitor
 NNRTI Non-Nucleoside Reverse Transcriptase Inhibitor
 NRTI Nucleotide Reverse Transcriptase Inhibitor
 STR Single Tablet Antiretroviral Regimen

Opportunistic Infection Medication Class Coding (below)

PCP Pneumocystis Carinii Pneumonia
 OI Opportunistic Infection

OPPORTUNISTIC INFECTION MEDICATIONS							
Drug Name	Priority	Class	Strength/Form	Per Unit	MAX Qty/30-day script	MAX Qty/90-day script	Notes
acyclovir	2	OI	200 mg capsules	100/btl *	200 capsules	N/A	NOTE: acyclovir may not be available in all strengths due to manufacturer shortages. THMP provides either acyclovir or Valtrex (valacyclovir) each month.
acyclovir	2	OI	400 mg tablets	100/btl *	200 tablets	N/A	
acyclovir (currently unavailable)	2	OI	800 mg tabs (currently unavailable)	100/btl *	200 tablets	N/A	
azithromycin	2	OI	250 mg tablets	30/btl	60 tablets	N/A	THMP provides either azithromycin or clarithromycin.
azithromycin	2	OI	600 mg tablets	30/btl *	30 tablets	N/A	* Must be dispensed in full bottle amounts. Please provide # days supply the bottle will last with each order.
clarithromycin	2	OI	500 mg tablets	60/btl	60 tablets	180 tablets	THMP provides either azithromycin or clarithromycin.
Clindamycin	3	OI	150mg capsules	100/btl	100 capsules	N/A	
Clindamycin	3	OI	300 mg capsules	100/btl	100 capsules	300 capsules	
Clotrimazole Troche	3	OI	10 mg lozenges	70/btl	70 lozenges	N/A	
dapsone	1	PCP	25 mg tablets	30/btl	90 tablets	N/A	THMP provides either dapsone, Nebupent or SMZ-TMP.
dapsone	1	PCP	100 mg tablets	30/btl	60 tablets	N/A	
daraprim	3	OI	25 mg tablets	100btl *	100 tablets	N/A	* Must be dispensed in full bottle amounts. Please provide # days supply the bottle will last with each order.
Egrifta (tesamorelin acetate P/F)	3	OI	1 mg vials	60 vl/box	1 box	N/A	
ethambutol	2	OI	400 mg tablets	100/btl *	100 tablets	N/A	* Must be dispensed in full bottle amounts. Please provide # days supply the bottle will last with each order.
Epclusa	3	OI	400 mg/100 mg tablets	28/btl	28 tablets	N/A	
Famciclovir	3	OI	250 mg tablets	30/btl	60 tablets	180 tablets	
Famciclovir	3	OI	500 mg tablets	30/btl	60 tablets	180 tablets	
fluconazole	2	OI	50 mg tablets	30/btl	120 tablets	N/A	
fluconazole	2	OI	100 mg tablets	30/btl	120 tablets	480 tablets	
fluconazole	2	OI	200 mg tablets	30/btl	120 tablets	480 tablets	
Gynazole-1 (butoconazole) 2%	3	OI	5 gm cream	1 tube	1 tube	N/A	
Isoniazid	3	OI	50mg/ml Syrup	1 btl	1 btl	N/A	

Isoniazid	3	OI	100 mg tablets	100/btl	100 tablets	N/A	
leucovorin	3	OI	10 mg tablets	24/btl *	48 tablets	N/A	* Must be dispensed in full bottle amounts. Please provide # days supply the bottle will last with each order.
leucovorin	3	OI	25 mg tablets	25/btl *	50 tablets	N/A	
megesterol acetate OS	3	OI	40 mg/ml suspension	240 ml/btl (8 oz) *	3 bottles	N/A	* Must be dispensed in full bottle amounts. Please provide # days supply the bottle will last with each order.
Mepron OS (atovaquone)	3	OI	750 mg/5ml suspension	210 ml/btl (7 oz)	2 bottles	N/A	
Monistat-1 (tioconazole) 6.5%	3	OI	4.6 gm cream	1 tube	1 tube	N/A	
Mycobutin (rifabutin)	2	OI	150 mg capsules	100/btl *	100 capsules	N/A	* Must be dispensed in full bottle amounts. Please provide # days supply the bottle will last with each order.
Mytesi (crofelemer)	3	OI	125 mg tablets	60/btl	60 tablets	180 tablets	
Nebupent (pentamidine)	1	PCP	300 mg vial for inhalation	1 vial	1 vial	N/A	THMP provides either dapsons, Nebupent or SMZ-TMP.
Oravig Buccal (miconazole buccal)	3	OI	50 mg tablets	14/btl	28 tablets	N/A	
Prednisone	3	OI	10 mg tablets	100/btl	100 tablets	N/A	
Primaquine Phosphate	3	OI	26.3 mg tablets	100/btl	100 tablets	N/A	
Rifampin	3	OI	150 mg capsules	30/btl	60 capsules	N/A	
Rifampin	3	OI	300 mg capsules	60/btl	60 capsules	N/A	
SMZ-TMP DS	1	PCP	800/160 mg tablets	100/btl *	200 tablets	N/A	THMP provides either dapsons, Nebupent or SMZ-TMP.
SMZ-TMP OS	1	PCP	200mg/40mg/5ml suspension	473 ml/btl (1 pt) *	2 bottles	N/A	* Must be dispensed in full bottle amounts. Please provide # days supply the bottle will last with each order.
Sporanox (itraconazole)	2	OI	100 mg capsules	30/btl	120 capsules	480 capsules	Sporanox is available in generic form, but is currently cheaper to dispense brand name. * Must be dispensed in full bottle amounts. Please provide # days supply the bottle will last with each order.
Sporanox OS (itraconazole)	2	OI	10 mg/ml suspension	150 ml/btl (5 oz) *	4 bottles	N/A	
Sulfadiazine	3	OI	500 mg tablets	100/btl	100 tablets	300 tablets	
Terconazole-3 0.8%	3	OI	20 gm cream	1 tube	1 tube	N/A	
Terconazole-7 0.4%	3	OI	45 gm cream	1 tube	1 tube	N/A	
Valcyte (valganciclovir)	2	OI	450 mg tablets	60/btl	60 tablets 120 1 st month induction dose	180 tablets (excludes first month induction dose)	
Valtrex (valacyclovir)	2	OI	500 mg capsules	30/btl	60 capsules	180 capsules	THMP provides either acyclovir or Valtrex (valacyclovir) each month.
Valtrex (valacyclovir)	2	OI	1 gm capsules	30/btl	60 capsules	180 capsules	
Vfend O/Sol (voriconazole)	3	OI	40 mg/ml solution	75 ml/bottle	1 bottle	N/A	
Voriconazole OS	3	OI	40 mg/ml solution	75 ml/bottle	1 bottle	N/A	
Voriconazole	3	OI	50 mg tablets	30/btl	30 tablets	90 tablets	
Voriconazole	3	OI	200 mg tablets	30/btl	30 tablets	90 tablets	

OPPORTUNISTIC INFECTION MEDICATIONS (with availability issues)

***** NOTE *** Due to issues concerning product availability, please contact the THMP directly should a patient wish to obtain the following meds: IV ganciclovir, interferon-alpha, amphotericin-B, IVIG, or Nystatin suspension. If available, strengths & max quantities for those meds are listed below.**

Drug Name	Priority	Class	Strength/Form	Per Unit	MAX Qty/30-day script	MAX Qty/90-day script	Notes
Amphotericin-B	3	OI	50 mg vial	1 x 50 mg vial	50 vials	N/A	
Cytovene I.V. (ganciclovir)	3	OI	500 mg vial	10 ml/vl, 25 vl/cs	50 vials	N/A	
Interferon-alpha	3	OI	18 mu vial	3 ml/vial	50 vials	N/A	
IVIG (for pediatric usage)	3	OI	2.5 gm vial	2.5 gm vial	4 vials	N/A	
IVIG (for pediatric usage)	3	OI	5 gm vial	5 gm vial	4 vials	N/A	
Nystatin Sus	3	OI	16oz/473 ml, 100K units/ml	16 oz/bottle	1 bottle	N/A
