

## National Infant Immunization Week

April 26 - May 3 is National Infant Immunization Week  
[Click Here to Learn More](#)

### Majority of Pregnant Women Vulnerable To Flu and Pertussis

If you or a loved one are pregnant, be aware of this serious health risk. A disturbing 65% of expectant women in the U.S. are not vaccinated against the flu and whooping cough (pertussis) during their pregnancy.

### Back to School

Please remember to get your child vaccinated before school starts. All children are required to be vaccinated in order to attend school or daycare. The 2020-2021 vaccine requirements are located on the Forms and Publications-School Immunizations [webpage](#). For additional information, please call (800) 252-9152 or [schoolimm@dshs.texas.gov](mailto:schoolimm@dshs.texas.gov).
