

Getting the COVID-19 Vaccine

Why should I get the COVID-19 vaccine?

-  Keep you and your family safe.
-  Prevent more illness and death.
-  Help get Texas back to normal.

How can I sign up for the vaccine?

There are many tools to help you find a vaccine in Texas.

Go to COVIDvaccine.texas.gov or dial (833) 832-7067 for extra assistance and to speak in Spanish.

Remember: Don't show up for a vaccine without first checking the vaccine provider's instructions.

Go to the provider's website - call only if the website doesn't answer your questions.

Requires Two Doses:

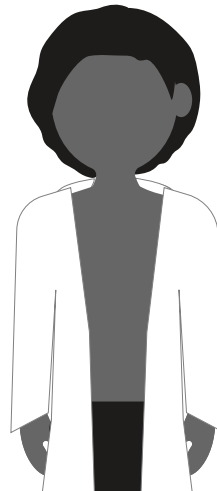

Requires One Dose:

Full protection begins 1-2 weeks after your second dose. Please try to get both doses from the same vaccine provider.

Who can get the vaccine now?

All people 12 and older.

More people may become eligible, stay updated by visiting COVIDvaccine.texas.gov or dial 2-1-1.

What else should I know?

The vaccine is very safe and can save your life!

<input checked="" type="checkbox"/>	The vaccines protect you from COVID-19's worst and lowers your risk of spreading the virus.
<input checked="" type="checkbox"/>	Over a hundred million Americans of diverse races, ethnicities and ages have been safely fully vaccinated.
<input checked="" type="checkbox"/>	Mild side effects are normal signs your body is building protection, and usually go away after a few days.
<input checked="" type="checkbox"/>	Protect yourself and others by getting vaccinated or by wearing a mask, staying 6 feet apart, and washing hands often.
