Dear Texas Vaccines for Children Provider,

Beginning on Monday, May 5, 2014, TVFC providers may update vaccine choices through the Electronic Vaccine Inventory (EVI) system. The "Update Choice" tab will be open from **May 5th through May 16th**. If you do not wish to make any changes to your current vaccine choices, you do not need to do anything. The next opportunity to update your vaccine selections will be in August 2014.

A training entitled "Updating Vaccine Choice" is available for you to review and can be accessed at <http://www.upp.com/vacchoice/index.html>. A printed desk reference is also available on the Vaccine Choice website under Electronic Vaccine Inventory (EVI) at <http://www.dshs.state.tx.us/immunize/choice/default.shtm>.

Thank you for your continued support of the TVFC Program. If you have any questions please contact the appropriate Health Service Region listed below.
