

9.1 Million Texans' immunization records. 33,000 organizations store them in one place. 165 million immunization records stored.

The Texas Immunization Registry (ImmTrac2) makes seemingly impossible tasks easier for providers. The registry can benefit your organization every day of the year.

Have you logged in lately?

- **History and Forecasting:** Accurately project necessary vaccines to ensure patients are on schedule.
- **Ad Hoc Reports:** Pull reports specific to an organization or client.
- **Unlimited Access:** Immunization records at your fingertips with 24-hour access, 7 days a week.
- **Improved EMR Data Exchange:** Use our HL7 interface to generate and submit data.
- **School and Childcare Lists:** Manage your facility's reports.

Visit www.dshs.texas.gov/immunize/immtrac, call (800) 348-9158, or email ImmTrac2@dshs.texas.gov to learn more about ImmTrac2.
