Please refer to the law and rules governing marriage and family therapy practice for all information related to licensure. The law and rules are available on the board's website at: <http://www.dshs.state.tx.us/mft/>.

Overview of some important Board-Ordered supervision requirements:

- Supervision that is Board-Ordered *is not* the same as supervision towards licensure (LMFT Associate to LMFT). For Board-Ordered supervision, the board has determined that the licensee *requires* supervision of his or her marriage and family therapy practice related to protection of the public.
- Board-Ordered supervision must be provided by a Texas LMFT who is a board-approved supervisor.
- Supervisory sessions *must be* in face-to-face, one-on-one sessions of at least one hour in duration. Group supervision is not acceptable.
- Supervision *shall include* rehabilitation related to the issues outlined in the Board Order.
- Compliance with all laws and rules, as well as the Board Order, or any other supervision terms that are applicable, *is required*.
- Goals *shall include* a plan for completion of any Continuing Education or other requirements in the Board Order.
- Supervision *shall occur* in the frequency as required by the Board Order.
- Reports to the board related to supervision *shall be submitted* in the frequency as required by the Board Order. Reports are due to the board not later than 30 days after completion of the period of supervision designated by the board. Quarterly reports *shall include* information about the dates, times, and duration of supervision sessions, number of direct client contact hours the licensee provided, as well as the therapeutic service period covered in the report. Content related to the supervisor's assessment of the supervisee's compliance with laws and rules governing marriage and family therapy practice is required, as well as progress towards rehabilitation related to the issues outlined by the board in the Board Order. Reports *shall include* the supervisor's assessment of whether the supervisee should be practicing marriage and family therapy in the setting(s) in which she/he is working. Reports may be submitted in letter form, including all these elements, with an original signature.
- The supervisee is responsible to ensure that the supervisor submits the reports timely, or the supervisee may be found in default of the Order, and appropriate disciplinary action may be taken.
- Supervision as a result of a Board Order *requires the initial submission* of a letter from the executive or designee of the employer(s) on agency letterhead, acknowledging understanding of the Board-Ordered nature of the supervision (as opposed to supervision towards licensure) and authorizing the Board-Ordered supervision within 30 days of commencement of supervision.
- The supervisee must submit a current job description from the agency in which the marriage and family therapist or associate is employed with verification of authenticity from the agency director or his or her designee on agency letterhead or submit a copy of the contract or appointment under which the licensee intends to work, along with a statement from the potential supervisor that the supervisor has reviewed the contract and is qualified to supervise the licensee in the setting.
- Unless otherwise specified, the supervisee *shall* continue supervision until officially released by the board or executive director. This *will be* beyond the timeframe required for supervision because the supervisor must submit a *final report* to the board within 30 days of the end of the time period for supervision as designated in the Board Order, which must then be reviewed and accepted by the board or executive director. *The final report must include the supervisor's assessment of whether the supervisee should be practicing marriage and family therapy.*
- The supervision *shall begin* within 30 days of the effective date of the Board Order whether or not the supervisee is practicing marriage and family therapy. It is the *responsibility of the supervisee* to follow-up with the board to establish the effective date of the Board Order.
- A Board-Ordered Supervision Plan (Form IX) *shall be* submitted to the board for approval within 30 days of commencement of supervision.
- If the supervisee is not practicing marriage and family therapy at the time of the effective date of the Board Order, supervision shall begin within 30 days of the Order, but only supervision accrued while practicing marriage and family therapy will satisfy the supervision requirements of the Board Order. The board will determine how many direct client contact hours are required before the period of supervision can be considered complete. Board-Ordered supervision that is dictated in terms of minimum requirements for numbers of years or months will be prorated based on the number of client contact hours appropriate for an equivalent number of years or months. If the supervisee is not practicing marriage and family therapy (MFT) when supervision begins, the supervisor must clearly document that the supervisee is not currently practicing MFT in the Comments section (section VI) of the Board-Ordered Supervision Plan and in the submitted reports to

the board. When the supervisee begins practicing MFT, a new Board-Ordered Supervision Plan describing the work setting must be submitted to the board. A separate Board-Ordered Supervision Plan is required for each employment setting.

- A supervisee under Board-Ordered supervision shall not practice without being under supervision. If supervision under the plan terminates for any reason, the supervisee and the supervisor must report the termination to the board within 10 days of termination. The supervisee shall not practice until under supervision by another board-approved LMFT supervisor.
- The supervisor shall submit a statement to the board within 30 days of commencement of supervision that she/he is independent from the supervisee and does not have a current or prior business, professional, or personal relationship with the supervisee (included in the Affidavit on the last page of the Board-Ordered Supervision Plan).
- The supervisee shall inform all clients, employers, and other relevant parties of the probationary status of her/his license.
- A new Board-Ordered Supervision Plan (Form IX) must be submitted for approval when any change occurs in the conditions of supervision as approved by the board in the original, approved Board-Ordered Supervision Plan (Form IX) (such as location of practice). This must be submitted within 30 days of the change.
