Williamson		6 (0.75)	2 (0.25)
Yoakum	20 (2.49)		
Grand Total	762 (94.9)	16 (2.0)	25 (3.1)

* An additional 182 potential cases from March 2025 in children younger than 18 years old were reported from Gaines County. Due to insufficient information, these reports could not be classified as confirmed measles cases and are not included in the overall case counts.

** Category includes all cases not known to be linked to the 2025 Texas Measles Outbreak or acquired through international travel.
