TVFC/ASN Policy and Manual Updates

Susmitha Mahankali
Kellee Walker

General Manual Revisions

Updates

- Specified which policies apply to the Texas Vaccines for Children (TVFC) and Adult Safety Net (ASN) programs.
- Replaced DSHS Immunization Section with DSHS Immunization Program.
- Included all 18 standards in the Standards for Childhood Immunizations.
- Corrected grammatical errors
- Updated TVFC facility types

Provider Manual: Chapter 1 Section B (TVFC Site Eligibility and Enrollment- Site Coordinator Responsibilities)

Operations Manual: Section 7 (Enrolled Clinic Staff Responsibilities- Primary Backup Vaccine Coordinator)

TVFC Patient Eligibility and Screening

Nineteen-Year-Olds

- Patients who are 19 years of age and who previously initiated a vaccination series under the TVFC program are eligible to complete the series through the ASN program.
- HPV and Varicella have been removed from the ASN program and are not available as catch-up vaccines.

NOTE: A "series" in this case is specific to two doses of Hepatitis A (HepA); three doses of Hepatitis B (HepB); two doses of Meningococcal Conjugate (ACWY); two doses of Measles, Mumps and Rubella (MMR); and three doses of Tetanus, Diphtheria/Tetanus, Diphtheria, Pertussis (Td/Tdap).

This policy does not apply to Meningococcal B (MenB), Polio, *Haemophilus influenzae* type b (Hib), or Influenza (Flu) vaccines. This policy also does not apply to booster doses.

Vaccine Management

Approved TVFC Vaccines Added

TVFC Program Formulary and Manuals

- Respiratory Syncytial Virus (RSV) immunization (Nirsevimab)
- Coronavirus (COVID-19)

TVFC Program Formulary for Selective Months

- Maternal RSV vaccine (Abrysvo)

TEXAS
Health and Human Services

Texas Department of State
Health Services

Vaccine Management

Vaccine Ordering for Newly Enrolled TVFC/ASN Sites

- Only the primary vaccine coordinator and backup vaccine coordinator have access to Vaccine Allocation and Ordering System (VAOS).

TEXAS
Health and Human Services

Texas Department of State
Health Services

Vaccine Management

Multi-Dose Vials (MDVs)

If a multi-dose has been opened or accessed (e.g., needle-punctured) the vial should be dated and discarded within 28 days, unless the manufacturer specifies a different (shorter or longer) date for that opened vial.

TEXAS
Health and Human Services

Texas Department of State
Health Services

Vaccine Management

Refrigerator and Freezer Requirements

- Any currently enrolled provider using both compartments of a household combination unit that is consistently maintaining the required temperature ranges may continue to do so.
- If temperature excursions occur that cannot be attributed to another cause (e.g., a power outage), providers must discontinue use.

Providers enrolled after July 1, 2024, will not be allowed to use the freezer compartment of a household combination unit.

TEXAS

Health and Human Services

Texas Department of State
Health Services

Vaccine Management

Cold Chain Management and Vaccine Transport

- If a portable vaccine refrigerator/freezer unit is used to transport vaccines, follow the manufactures requirements regarding the use of use packing material, i.e., bubble wrap or cardboard.

TEXAS
Health and Human Services

Texas Department of State
Health Services

Vaccine Management

Data Logger Requirement

- Record the numbers on both sides of the decimal point and do not round (ex: for 46.1°F or 8.1°C, note that the numbers to the right of the decimal meet the criteria for a temperature excursion).
- If a temperature excursion occurs based on the updated guidance, TVFC/ASN program providers must reach out to the vaccine manufacturer to obtain guidance on vaccine viability.

TEXAS
Health and Human Services

Texas Department of State
Health Services

Vaccine Management

VAOS Reporting

- Monthly reporting in VAOS is required for all TVFC/ASN program-enrolled sites between the first and seventh of each month, whether a vaccine order is placed or not.

Adult Safety Net Program

- The following vaccines were removed from the ASN formulary:
 - Human Papillomavirus (HPV)
 - Pneumococcal Conjugate (PCV20)
 - Pneumococcal Polysaccharide (PPSV23)
 - Varicella
- The monovalent Coronavirus (COVID-19) vaccine was added to the ASN formulary.
 - Added guidance information on the COVID-19 vaccine

Adult Safety Net Program (Continued)

- 2024 manual language:
 - The COVID-19 vaccine will remain available to enrolled ASN providers on a temporary basis and updates will be provided as they are made available
- Added language about COVID-19 vaccine administration fees
- 2024 manual language:
 - ASN sites may not charge an administration fee for the COVID-19 vaccine

General Reminders

Suspensions

- A live suspension report for TVFC/ASN providers is available on the [DSHS Regions SharePoint](#).
- Suspended TVFC/ASN Program providers are listed by their DSHS PHR and reason for suspension.

Examples include:

- TVFC/ASN suspension due to program non-compliance.
- TVFC/ASN PEAR suspension due to overdue follow-up action items in PEAR.
- TVFC/ASN VAOS hold due to missing reports in VAOS.
- Withdrawal due to continued TVFC/ASN suspension status.

TEXAS

Health and Human Services
Texas Department of State
Health Services

Vaccine Orders

- Enrolled TVFC program providers should maintain a 75-day supply to order smaller amounts more frequently to avoid vaccine loss.
- REs should establish contact with providers that have not placed a vaccine order within the last six-month.

ACIP Vaccines

- TVFC program policy states, TVFC program providers, unless designated as a “specialty provider”, must offer all ACIP recommended vaccine to the eligible patient populations that they serve.
- Any updates to ACIP-recommended vaccines and CDC guidance will be communicated to REs and providers.

TEXAS

Health and Human Services

Texas Department of State
Health Services

Vaccine Depots

- Vaccine depots are sites that receive, store, and distribute VFC vaccines but do not administer vaccines to eligible children.
- Vaccine depots are approved only for select awardees.
- Texas does not allow vaccine depots.

TEXAS

Health and Human Services

Texas Department of State
Health Services

Communications

TEXAS

Health and Human Services

Texas Department of State
Health Services

REs:

- Receive communications from DSHS through VacCallCenter@dshs.texas.gov.
- The distribution lists come from the [RE Contact List](#) located on the [DSHS Regions SharePoint](#).
- REs must ensure the list is updated with staff changes.

TVFC/ASN Providers:

- Receive communications from DSHS through GovDelivery.
- The provider's distribution list includes the PVC, BVC, and SC.
- Providers must ensure the email addresses are listed correctly.
- Providers should ensure they do not have any email restrictions.

Summary

- Throughout the year, the DSHS Immunization Program will announce new policies via official policy letters, memorandums and the monthly newsletter “TVFC/ASN Program News.”
- You may consult the [2024 TVFC/ASN Program Manual](#) as needed, for the handling and management of TVFC/ASN program vaccines.
