1. Transfer Requirements

Request to Transfer Vaccine

Before requesting to transfer vaccines, note that it is the responsibility of the *Transferring Provider* to ship or physically transport the vaccine. *Transferring Providers* are responsible for any costs incurred in transferring vaccines and should consider the transport of ancillary supplies.

Before requesting a transfer, **verify that the facility you want to receive the vaccine is an approved provider**. TVFC/ASN vaccines may only be transferred to an approved TVFC/ASN Provider.
