

The Houston Health Department Immunization Bureau has partnered with the Centers for Disease Control and Prevention (CDC) to offer an in-person CDC Pink Book training that delivers the latest and most accurate information about vaccines.

Registration Information

To register for the in-person CDC Pink Book Training as an attendee, please visit this [link](#).

To register for the in-person CDC Pink Book Training as an exhibitor, please visit this [link](#).

The CDC Pink Book training includes information from the Advisory Committee on Immunization Practices (ACIP) and provides a comprehensive overview on:

- vaccination principles,
- immunization strategies on vaccines, and
- specific information about vaccine-preventable diseases.
