

Texas Vaccines for Children (TVFC) Provider,

Ordering for Abrysvo™ will be turned off in VAOS Wednesday, January 17, 2024, at 5 p.m. CST. Deliveries should occur the following week. Ordering for Abrysvo™ should resume in VAOS later in 2024, for the next RSV season.

ACIP recommends Abrysvo™ for eligible pregnant women through January 31, 2024, and should not be administered after January 31, 2024. Abrysvo™ doses not administered before January 31, 2024, may be kept at refrigerator temperature for the following RSV season as long as it is not expired.

Additional information on the seasonality of this vaccine is available from the [CDC's RSV vaccination page](#). Prescribing information is available at [Abrysvo™ prescribing information](#).

For any questions regarding ordering Abrysvo™, email TXVaccineOrders@dshs.texas.gov.
