Dear Adult Safety Net (ASN) Vaccine Provider,

As part of the ASN Program, it is a requirement to screen patient eligibility at every visit. The updated ASN Program Patient Eligibility Screening Form (F11-12842) now available in English and Spanish (attached) and should be used for all ASN vaccines administration. If using this form for the Monkeypox vaccine, please annotate the form on the upper right-hand corner with "Coadmin with Jynneos."

The ASN Patient Eligibility Screening Form (F11-12842) can also be found on the ASN Forms and Publications page, located here: <https://www.dshs.texas.gov/immunize/ASN/publications.aspx>. Please look for the Spanish form to be posted soon.

Please contact ASNInfo@dshs.texas.gov with any questions regarding the form.

Thank you for your continued participation in the ASN Program.
