Health Services**

Dear Texas Vaccines for Children (TVFC)/Adult Safety Net (ASN) Program Providers,

Effective September 1st, 2022 the TVFC/ASN Program provider monthly reporting will be required to be completed in VAOS between the 1st and 5th of each month. This change will be reflected in the upcoming revisions to the 2023 TVFC/ASN Provider Manual. Monthly reporting is required even if a provider does not order vaccine during the reporting month.

Ordering will be unavailable until the provider submits the required monthly reports. The following reports must be completed in the Vaccine Allocation and Ordering System (VAOS):

- Temperature Logs
- Receipt of vaccine shipments (if applicable)
- Vaccine transfers (if applicable)
- Doses Administered
- Physical Inventory
- Vaccine loss (if applicable)

Thank you for your continued partnership and support of the TVFC/ASN Program(s).

Sincerely,

Texas Department of State Health Services
