

Texas Vaccines for Children (TVFC) and Adult Safety Net (ASN) Providers,

The Vaccine Allocation and Ordering System (VAOS) doses administered page experienced an issue with the date range display identified on Tuesday, August 1, 2023. This issue has been resolved.

Providers may now report doses administered and proceed to the order screen on your VAOS Provider Portal.

If you have questions about the doses administered page or other VAOS concerns, please contact your Responsible Entity (RE).

Thank you for your continued partnership and patience,

Texas Department of State Health Services
Immunization Program
