

Join the Texas Department of State Health Services (DSHS) and Pfizer for a webinar on pediatric pneumococcal disease and updated recommendations from the CDC's Advisory Committee on Immunization Practices (ACIP). The webinar is intended for health care providers, partners, school nurses, adult immunization partners, all local and regional TVFC/ASN responsible entities and other internal/external immunization partners.

Pfizer will provide information on pneumococcal disease in children and all recommended vaccines.

The webinar will also include a Q&A session where subject matter experts will answer provider questions. Register to attend this webinar through the link below.
