Sign up to receive an account with MediaLab, where you will have the opportunity to take over 100 online, self-paced courses!

## What is MediaLab?

MediaLab offers over 100 online continuing education courses, in all major laboratory disciplines. Courses range from intermediate and skill-refresher courses to advanced and current topics in clinical laboratory science. Most courses carry ASCLS P.A.C.E.® approved continuing education credits, which are accepted by ASCP, AMT, and all licensure states.
